Send out an SOS, come save me from this mess... that
I'm in
You rule with an iron fist,
I'm still here in spite of this... to light the flame
Let's keep it burning close forever, keep the life we
have together
And someday when it's grey and colder, you'll think
back to what I told ya
What I told ya

That you are the fire, baby, the fire
And I don't need no water, and I don't need no water
You are the fire, baby, the fire
And I don't need no water, no I don't need no water

I don't wanna lie to you, but I'm chasing shadows too...
in the dark
You are the reason why, I can't let this fire die... in my
heart
I'll keep it burning close forever, keep the life we have
together
And someday when it's grey and colder, you'll think
back to what I told ya
What I told ya

That you are the fire, baby, the fire
And I don't need no water, and I don't need no water
You are the fire, baby, the fire
And I don't need no water, no I don't need no water

So come on baby, we are special
I'll do everything to keep it alive in your eyes
Just tell me baby, you won't leave me
You just say that you're gonna be here tonight
We will survive

You are the fire, baby, the fire
And I don't need no water
You are the fire

You are the fire, baby, the fire

And I don't need no water, no I don't need no water
You are the fire, baby, the fire
And I don't need no water, no I don't need no water

Cause you're the fire, we don't need no, need no water
You're the fire, you're the fire, whoa

You are the fire, baby, the fire
And I don't need no water, no I don't need no water
Send out an SOS, come save me from this mess...
