You're on top of the world
You're on top of the world
and you can't get any higher
You're on top of the world
You're on top of the world tonight
It wasn't easy it was hard as hell
You didn't get luck in a wishin' well
Never worked so hard had so much pain
Wouldn't change for anything
Learned love from a movie screen
He was tough, she was wild at fifteen
hated school and had no dreams
Wasn't going very far
Then he got religion and she got a god
It's on her back and it's in his job
And it costs lots of money,
honey- oh, no
You're on top of the world
You're on top of the world
and you can't get any higher
You're on top of the world

You're on top of the world tonight

Breakdown nearly every day

Shoulda known couldn't get away

Got lucky with the girl next door

She was lonely and didn't care

She was young, she was dark,

she was fair

Wrapped herself around you with her stare

You'd explode if she would touch you there

Touch you there touch you there

Then he got religion and she got a god

It's on her back and it's in his job

And it costs lots of money,

honey- oh, no

Tonight, tonight

You're on top of the world

You're on top of the world

and you can't Get any higher

You're on top of the world

You're on top of the world tonight

Tonight, tonight

Tonight, tonight

You're on top of the world

and you can't get any higher

You're on top of the world

You're on top of the world tonight
