Flick of the eye then look away
Tingling feeling, I don't know what to say
Trying hard not to look back
Can't help it, both know we attract

Eye contact strong and beginning to hold
Start to question all that I've been told
Caught within those flickering eyes
Stomach drops and its butterflies

Addicted, distracted, when I'm attracted to you
But I know you're giving me signals, baby
But do you feel (do you feel, do you feel) the way that I
do?

Like a girl with a feeling so blinding
Tension building, now I can't stop smiling
Hold on tight, baby don't let go
Chemistry's bubbling and its starting to show

Do you think that this is a sign
That later on you won't leave my mind
Not a word from a voice so calm
Just a connection that could break my arm

Addicted, distracted, when I'm attracted to you
But I know you're giving me signals, baby
But do you feel (do you feel, do you feel) the way that I
do?

I like your blond hair
And I want to have you there
I know that you're so shy
Come on baby, lets give it a try
Hold it tight and don't let it go
Our connection's starting to show
You've got to trust me now
I'm gonna show you how

'Cause I'm addicted and I'm distracted when I'm
attracted to you

But I know you're giving me signals, baby
But do you feel (do you feel, do you feel) the way that I
do?
And I know you're giving me signals, baby
But do you feel (do you feel, do you feel) the way that I
do?
But do you feel (do you feel, do you feel) the way that I
do?
But do you feel (do you feel, do you feel) the way that I
do?
