Got to get your body out on the dance floor
I don't wanna hear you shy away no more
Everybody's here to see what you're up for
Come on girl the night is yours

Yeah you are, you're gonna be a star
You are, no matter who you really are
Hey I know you're gonna go far
And I'll be cheering when you are

Don't be shy you only get so many chances
All that modesty is wasted on yourself
You can do it if you give it all you got now
Get in the spotlight and let it all out

Yeah you are, you're gonna be a star
You are, no matter who you really are
Hey I know you're gonna go far
And I'll be cheering when you are
