Let's stick together
You and me
Let's celebrate our humanity
Let's talk about nuthin but you and me
Let's talk about heaven
Cause it's how I feel
Let's stay up till the morning comes
Don't fall asleep until I tell you so
I'd rather stay here with only you
Cause in your arms is where I wanna be

I'm gonna make you happy baby,
At least til the say I die
Don't leave don't turn your back
You know I need you more than that

I'd rather be alone with you
I'd rather stay at home with you
I'd rather be with only you
I'd rather stay close to you

Let's explore our fantasies
Let's come together in perfect harmony
Let's start to dream our wildest dreams
We can do it now if you'll agree

I'm gonna make you happy baby
At least til the day I die
Don't leave don't turn your back
You know I need you more than that

I'd rather be alone with you
I'd rather stay at home with you
I'd rather be with only you
I'd rather stay close to you

Say that you need
Say that you care
Say that you want

The way that you move

I wanna feel
I wanna know
If you love me for real

I'd rather be alone with you
I'd rather stay at home with you
I'd rather be with only you
I'd rather stay close to you

I'd rather be alone with you
I'd rather stay at home with you
I'd rather be with only you
I'd rather stay close to you
