It's a lovely day
It's great to see you again
And in every way
I'm so glad you're my friends
True friends forever
Just you and me

Side by side we can ride all day, oohh
You were right, the day's alive
You say let the adventures begin, oooooh

It's a lovely day
It's great to see you again
And in every way
I'm so glad you're my friends
True friends forever
Just you and me

We got a connection that no-one can break
These are the times we say
There is nothing we can't do, oooooh

It's a lovely day
It's great to see you again
And in every way
I'm so glad you're my friends
True friends forever
Just you and me

Sometimes clouds roll in
They take away my grin
And I'm feeling down
Then my friends all come along
Fill my heart with song
and show me the bright side again

It's a lovely day
The sun is shining
And in every way
Feeling fine, yeah
True friends forever

Just you and me
Just you and me
Just you and me
Just you and me
