The c-d spins and we begin all systems go  
Come here to ride inside and watch the moon glow  
It won't be long before we're up in zero G  
Above the atmosphere its just you and me and me

Planet tokyo, it's not a place that's very far  
In your sterio, it's as close as where you are  
On the radio, its a sound that you can see  
Planet tokyo, its a place you want to be  
Tonight, tonight

You're looking well but we can tell you need to fix  
For something more than just another chick flick  
A rip so strong that it belongs deep underground  
A beat so sweet it makes you weep when we touch  
down!

Planet tokyo, it's not a place that's very far  
In your sterio, it's as close as where you are  
On the radio, its a sound that you can see  
Planet tokyo, it's a place you want to be  
Tonight

In your sterio

Planet tokyo  
Its a place you wanna be

Tonight, tonight
