Sometimes I think
That even though we're walking the same way
There's always some room for a little change
But I can't go pushing you too far

Sometimes I think
You put on a show to make everyone
Think that you're so nice and so innocent
Walking so tall, think you know it all
But you don't, hey...

Not every single thing is about you
Wake up to yourself and start acting true
Then maybe the day will come when you will see
And I can be set free

Sometimes I think
You don't even know what you're talkin' bout
No facts, just lies, just spit it out
Don't think twice or you're gonna hurt

Sometimes I think
That you could be such a nice guy
But hey, I'm not waiting round for more lies
You just expect me to hang around
But I won't, hey...

Not every single thing is about you
Wake up to yourself and start acting true
Then maybe the day will come when you will see
And I can be set free

Find someone else to blame it on
Cuz I'm sick and tired of hanging on
Tell me honey, what's it gonna take
For you to stop treating me like one of you're mates,
hey!

Not every single thing is about you
Wake up to yourself and start acting true
Then maybe the day will come when you will see

And I can be set free
And I can be set free
And I can be set free
