Hey
Why did you leave me that way?
Pretended there was nothing to say
And that you were gone

Hey
Who do you think you are?
Making me sit every day
Waiting for you

Oh, I think it is time
I think I need to find
The walls that I'm to climb

You can be who you are but I'm never gonna change
I can hold onto you but it will always be the same
Everything comes to an end unless it's meant to be
Maybe we'll just never be you and me

You
Should know that I'll always care
I'll never forget what we share
Never in my life

You
Will always be in my heart
Our friendship will always be so strong
No matter what

Oh I think it is time
I think I need to find
The walls that I'm to climb

You can be who you are but I'm never gonna change
I can hold onto you but it will always be the same
Everything comes to an end unless it's meant to be
Maybe we'll just never be you and me

You can be who you are but I'm never gonna change
I can hold onto you but it will always be the same
Everything comes to an end unless it's meant to be

Oh maybe we'll just never be you and me

I don't know why this had to end so soon
I can't see it, I thought you were my one

You can be who you are but I'm never gonna change
I can hold onto you but it will always be the same
Everything comes to an end unless it's meant to be
Maybe we'll just never be you and me

You can be who you are but I'm never gonna change
I can hold onto you but it will always be the same
Everything comes to an end unless it's meant to be
Maybe we'll just never be you and me
