When I walk too deep  
Every time it's such a mystery  
I didn't even know where to begin with you  
What started off being friends turned into something  
burnt on both ends  
These days are long  
They're so so long that it's difficult to see  
But I hope when I'm gone  
You'll still be there waiting for me

Every time I Go, you see to me I can't believe you're  
leaving  
Cause you just want to know what's the basis for my  
motivation  
Every time I Go, you see to me I can't believe you're  
leaving  
Cause you just want to know what's the basis for my  
motivation

I see you in the door  
With your silhouette soft against some rough terrain  
I didn't even know where to begin with you  
It seems I broke the glass just to pick up the pieces  
These days are long  
They're so so long that it's difficult to see  
But I hope when I'm gone  
You'll still be there waiting for me

Every time I Go, you see to me I can't believe you're  
leaving  
Cause you just want to know what's the basis for my  
motivation  
Every time I Go, you see to me I can't believe you're  
leaving  
Cause you just want to know what's the basis for my  
motivation

And I'm not gonna to be your fool anymore  
And I'm not gonna be the one you disguise yourself to  
the world  
And say oooooohhhhh  
And say oooooohhhhh

Every time every time I go  
Every time every time

Every time I Go, you see to me I can't believe you're  
leaving  
Cause you just want to know what's the basis for my  
motivation
