

Sophomore Attempt, The "Get Me An Exit"

Cold water for a straight jacket case
Just role the cameras and I swear I'll be okay

Now 3, 2, 1, this is daily news and breaking
By a show of hands, who else in here is faking?

This is where it all went wrong
And the words you said were subtle
But enough to break the ice

This is a perfect way to end it
And I told you I was clever
But I think you'll be surprised

You've got a knack for finding red carpet thrills
And you've got the nerves, but baby I've got the skills

Now listen up, get your elbows off the table
Keep your mouth wide shut
Cause I've got something else to tell you

This is where it all went wrong
And the words you said were subtle
But enough to break the ice

this is a perfect way to end it
And I told you I was clever
But I think you'll be surprised

Here's your last chance to clap along with me
And here's the part where the audience gets to sing

Now it's 5 to 1 if you were looking for a setup
By a show of hands, who else in here is fed up?

This is where it all went wrong
And the words you said were subtle
But enough to break the ice

this is a perfect way to end it
And I told you I was clever

But I think you'll be surprised

Just tap your shoes now baby,
And whisper, "There's no place like home"
Cause we're not in Kansas anymore
