I haven't told you this yet
But I've been keeping this quiet
To keep you closer
I haven't told you this yet
I've labeled myself a liar
And you never lose
So try this one more time

Keep me waiting
Like it's all you wanted to know
And it's over, it's over
Keep me guessing
'Cause you're just that kind of girl
And it's over, it's over
(over and over)

And all your accidents show that
You're only as good as your worst intention
And your excuses get old and keep us falling apart
And you never change
So try this one more time

Keep me waiting
Like it's all you wanted to know
And it's over, it's over.
Keep me guessing
'Cause you're just that kind of girl
And it's over, it's over

Over and over, we're just getting closer
But closer is never the end
Over and over, we're just getting closer
And everyone knows where this ends...

Keep me waiting
Like it's all you wanted to know
And it's over, it's over.
Keep me waiting
Like it's all you wanted to know
And it's over, it's over
Keep me guessing

'Cause you're just that kind of girl
And it's over, it's over
Over and over
We're just getting closer
But closer is never the end.
