I know we talked about getting out  
From this world no one knows about  
It's been on my mind, it's been on my mind

I'm guessing you never heard my screams  
When they shattered my hopes and dreams  
Just to have some fun, just to have some fun

Hey, hey what's on your mind?  
You're on mine, but my fears are not that far behind  
Hey, hey you stole my line!  
It's a rotting place, and I'm not fine

I'll go out when I'm in the mood  
Wash my hair, maybe eat some food  
But I can't get up from this fucking bed

I think I'll just stay home today  
Whores and liars just pass my way  
Does that turn you on? Yeah it makes me sick

When your sight starts to get infected with all of their  
lies  
I'll be sorry, you'll be "happy", so baby close your eyes

Hey, hey what's on your mind?  
You're on mine, but my fears are not that far behind  
Hey, hey you stole my line!  
It's a rotting place, and I'm not fine

Hey you, get out! I know it's raining outside  
I won't forget how you broke my eyes  
Hey you, go down! I'm gonna paint your mind blue  
Just like that time...

Hey, hey what's on your mind?  
You're on mine, but my fears are not that far behind  
Hey, hey you stole my line!  
It's a rotting place, and I'm not fine
