Oh yes!  
This is about you  
And all the things that you have to do  
Make me mythical  
Make me unreal

I remember you seeking comfort in Desker  
And I was...  
Conceiving your child

Oh yes!  
This is about you  
And all the things that you have to do  
Make me mythical  
Make me unreal

I remember my head against the wall  
And there was...  
A knock on your door

Oh yes!  
This is about you  
And all the things that you have to do  
Make me mythical  
Make me unreal

Oh... But now you spread the lies  
Make me look like a bad guy  
Oh oh... I don't care?!  
Oh... Use your mouth effectively  
And no baby not on me  
Cos you know...  
I don't care anymore

Oh yes!  
This is about you  
And all the things that you have to do  
Make me mythical  
Make me unreal
