Aaah..  
Broken bottles  
Torn up letters  
Something's messing with my head

Understand me  
You don't give a shit  
What am I supposed to give?

Don't you?  
Don't you hate me?  
Don't you hate me when I've got all these good things?

Fuck me?!  
You want to fuck me?!  
You want to fuck me?!  
Well you've already fucked me in my head!

Bitch...  
Is that all you can do?  
Bitch...  
Is that the best that you can do??

Aah...

Hate mails  
Fucked up nights  
All because  
All because of this stupid fight

Goodbye  
You'll die  
And I believe  
I believe in retribution
