Verse 1:

Oh you used to come around
Now you're holding to the ground
And I remember getting stoned for things I've never
done at all

Verse 2:

Oh I used to give you chills
So try to know me with your pills
Well, hello to your assumptions
Have you met my certainty?

Chorus:

And I'm not gonna sing about you anymore

Verse 3:

Your caves are bright because of you
Your ideas lighted the black-hole too
Now, if you knew how to do it
And not just make it a fantasy

Chorus:

And I'm sure I'm not gonna sing about you anymore

Solo

Bridge:

But I just can't get this anger out of my head

Verse 4:

How's the ground and all the pills?
Am I still giving you the chills?
Well whatever man, I'm out of your way

Verse 5:

Oh you used to come around
You're the perfect enemy that I've found
I can't believe that I'm still singing about you

Chorus:

I think I'm not gonna sing about you anymore...

Solo

Repeat Verse 4 & 5 & Chorus
