Chorus:

Come home
Where is home?
Hear me calling
Run away from my mind
Light inside the darkness

Verse:

I'm on board the train
My thoughts got their tickets
I've got to run away from myself
If I was alone
I would have called you
But it's occupied with things I should not do

(Chorus)

Verse 2:

If I knew the way
To untie this madness
To believe in happiness and fairy tales
But I took this trip
To destroy myself
To be together with you
'Til the end... my friend

(Chorus)

Outro:

I'll be dead if I hold my breath
Filter all the sands of life
Praying for time to be real

('til fade)
