Chorus:

Come be my tattoo, pretty one
Permanently painted on my skin
Forever here forever yours
Never knew I could be loving
Come be my tattoo, pretty one

Verse:

I can walk forever on a path I do not know
They can search but they can't find a way inside of me
But the beauty of the branch of your tree is holding on
to me
Holding on to me
(Chorus)

Verse 2:

Maybe oh just maybe
That this world can never see
All the reasons I could find
For this indelibility
But the beauty of the branch of your tree is holding on
to me
Holding on to me
(Chorus)

Bridge:

Everlasting ink on me! Painted me
All the colors I could find! Tinted me
You're a deathless art on me
On me
(Chorus)
