"When You Appear"

It was your eyes that made me want you
And it was your smile that made me cared
You made this life taste so sweet
I could die

A soul so pretty
And you're so nice
I've tried to hold it
And be cold as ice
But damn I have to give in
You melt me babe

It was the lowest point of my life
And you appear

I wish you were alone like me
But everybody wanna be with you
I wish you were alone like me
Cos I really really wanna be with you
I wish you were alone like me
Just you and your smile
You're paradise

You are the sugar to my tea
And you're just honey to a bee
You made this life taste so sweet
Is it real?

A soul so pretty
And you're so nice
I've tried to hold it
And be cold as ice
But damn I have to give in
You melt me babe

It was the lowest point of my life
And you appear

I wish you were alone like me
But everybody wanna be with you
I wish you were alone like me

Cos I really really wanna be with you
I wish you were alone like me
Just you and your smile
You're paradise
