(Chorus)

Thank you for saving me

Thank you

Thank you for raising me

Thank you

Thank you for giving me all that

I need - just wanna say

I thank you for touching me

With all my heart, I thank you

For walking me up early this morning

For letting me see a new day dawning

I must confess that I've been blessed

And with all my heart I thank you

You recused me when my faith was
shakened

Now I can see just how much you love me

With all my heart I thank you

(Chorus)

You give me life that I never knew

You paid the price, now I'm free to serve you

I won't forget what you've done for me - no

With all my heart I thank you - oh

Ever since that day I gave you my heart

Nothing has been quite the same

I've got joy everlasting just for the asking

I wanna make a little time

Just need a little time to tell you

(Chorus)
