Hear me, have a look at the people's faces
It's party time now everything's gon' change
(Let's) Burn the house down
So will you wake up, wake up, say get up, get up
Save me, before I shake a million guys
I'm movin', the beat takes over
My body's groovin, so if you're tired go to sleep
And let me play with the sound, see everybody on the
ground, say

When I am dancin' the way I
The way I feel it everybody goes
When I am groovin' the way I
The way I feel it everybody goes
When I am dancin' the way I
The way I feel it everybody goes
When I am groovin' the way I
The way I feel it

You know I'm crazy when you hear me turn the sonic
back
The way I, the way I
The way I shake it, bring the lyrics through, let you
down
The way I, the way I

Mix up the afro that's punkin' the rock
Guitar has electrified your soul
Expect surprises 'cause it's not the end of the night
No, it's just the start (Stop)

Relax, lay back, lose yourself in the mood
Hands in the air 'cause you're feelin' so good
Let the rhythm wash all your troubles away
Wash away (Wash away)
Hey, still wanna play, move your hips like this
Shake your booty like that for me or just do it your way
And go with the sound, see everybody on the ground,
say

When I am dancin' the way I

The way I feel it everybody goes
When I am groovin' the way I
The way I feel it everybody goes
When I am dancin' the way I
The way I feel it everybody goes
When I am groovin' the way I

The way I'm crazy when you hear me turn the sonic
back
The way I, the way I
The way I shake it, bring the lyrics through, let you
down
The way I, the way I
I'll be crazy when you hear me turn the sonic back
The way I, the way I
The way I shake it, bring the lyrics through, let you
down
The way I, oh

Mix up the afro that's punkin' the rock
Guitar has electrified your soul
Expect surprises 'cause it's not the end, no, of the night
