A little hating in the morning time
A little hating come around at noon
Ain't no remorse, all that you think
Ain't no regret, all that you do

Jesus, hell, yeah, what do we do?
(Jesus)
Can you hear us screaming up above?
Lord I guess, we were just born to lose

A little hating on my TV screen
A little hating in the news that I read
Lay to rest a soul so kind
Rewarding the wrong
Feeding the twisted mind

Jesus, hell yeah, what do we do?
(Jesus)
Can you hear us screaming up above?
Lord I guess, we were just born to lose
Yeah

You lookin' at me
Forever hurt, forever bleed
It ain't black, it ain't white, it ain't wrong
Lord knows, it ain't right

A little hating in the morning time
A little hating come around at noon
Ain't no remorse, all that you think
Ain't no regret, all that you do

Jesus, hell yeah, what do we do?
What do we do?
(Jesus)
Can you hear us screaming up above?
Lord, I guess we were just born

I guess, we were just born
I guess, we were just
