Ashes fly ashes burn  
The sun is black ain't no return  
Ashes fly ashes burn  
Over and over ain't no need to learn

It's all dust on dust  
It's all you and me  
Out done completely out played  
Just shovel some more dirt on the grave

The choices you make and the choices that are  
When hell is so close and heavens so far  
Ashes fly and ashes burn  
Over and over ain't no need to learn

It's all dust on dust  
(It's all dust on dust)  
It's all you and me  
(It's all you and me)  
Out done completely out played  
Just shovel some more dirt on the grave

It's all dust on dust  
(It's all dust on dust)  
It's all you and me  
(It's all you and me)  
Out done completely out played  
Just shovel some more dirt on the grave
