I've been around this world, Yet I see no end.
All shall fade to black again and again.
This storm that's broken me, my only friend.
Yeah

In this river all shall fade to black
In this river aint no coming back
In this river all shall fade to black
Aint no coming back

Withdraw a step away, just to find my self
The door is closed again, the only one left
This storm that's broken me my only friend
Yeah

In this river all shall fade to black
In this river aint no coming back
In this river all shall fade to black
In this river all shall fade to black
In this river aint no coming back
In this river all shall fade to black
In this river all shall fade to black
In this river aint no coming back
In this river all shall fade to black

Ain't no coming back
