Lord, I woke up early this morning
As I looked around, my world be crumblin' down
And what I saw, I couldn't believe
Who are you, what might I be?
Things that we are going on, going on, babe

Stare at the sun, one means three
You're at the helm insanity, insanity
If you'd look down, babe
Mama, you just might find but you're too far gone
Now you're just losin' your mind

Wanting just to get away, one more fix you'll be okay
Lord, the things you do
Well, I try and try to talk you down
You're so damn high, you can't hear a sound
Yeah, yeah, yeah, oh, what's going on?

Once you start, you just can't stop
You start to shake, mama, don't you fall apart
Engine's keep on burnin' up
Burnin' out of time, you're too far gone
Now you're just losin' your mind
Now you're just losin' your mind
Now you're just losin'

Oh yeah, we pass through time without a move
You're the one, oh, that's being used
And if you'd looked out you just might find
But you're too far gone, now you're just losin' your
mind

Now you're just losin' your mind, oh yeah
Now you're just losin' your
Mama, keep on losin', yeah
Now you're just, oh yeah, you're just losin' your mind
