You say, you don't know what it's all about
Just look around, you'll see there is no doubt
The worms and maggots gather for the feast
An endless slave behind your belief's

Oh oh, choose what you wish to believe
Oh oh, choose what you wish to see
Oh oh, the hatred one can't ignore
Let the gathering begin for we live no more

You can't erase the past that will not die
Life's countless suffering, your countless lies
Dead and buried, peace, yet you turn away
Pain on hate was born here to stay

Oh oh, choose what you wish to believe
Oh oh, choose what you wish to see
Oh oh, the hatred one can't ignore
Let the gathering begin

Oh oh, choose what you wish to believe
Oh oh, choose what you wish to see
Oh oh, the hatred one can't ignore
Let the gathering begin
