We were friends
Yet never all that close
Two different people, lord
I guess, yeah, I suppose
Well I could see by the lines on your face
So much on your mind
Searchin' for someone, anyone, something to treat you
kind, oh yeah
(Chorus)
I hope you found what you were lookin' for
'Cause I haven't seen your face around here no more
When did life become a chore?
When was it that you couldn't take it anymore?
With nothin' above you and nothin' below
Couldn't cure the need for somewhere else to go
I just hope ya found what it was,
What it was you were lookin' for
Sweep all your fears
Beneath the rug there on the floor
Shed a new skin
No longer insecure
You're livin' harder, yeah
Harder than you know
Tell me - how fast can ya burn?
And how far can ya go?
I hope you found what you were lookin' for
'Cause I haven't seen your face around here no more
When did life become a chore?
When was it that you couldn't take it anymore?
With nothin' above you and nothin' below
Couldn't cure the need for somewhere else to go
I just hope ya found what it was,
What it was you were lookin' for
