I am tha Ressurrection and tha Life  
He who believes in me tho he die, yet shall re-live  
And whoever lives and believes in me shall never die  
Shhhhhhhh, shut up bitch  
Fear not them which kill tha body  
Rather fear him thats able to destroy both body and  
soul in hell  
Get the behind me Satan and push me along  
(All this power I will give the, if thou there  
for will worship me, all shall be thine)  
Come with me bitch as we walk thru tha door  
backwards  
Heaven in art which father our, Our father which art in  
heaven
