[I'm sittin here writin a song about baby'z mothers who  
try to  
sue the daddies for child support. Even though daddy  
is takin care  
of the baby but the mother's just, you know,  
scandalous, not  
just like this hey]

Fuck my baby'z mama  
The bitch got drama  
Fuck my baby'z mama  
Coz she's the type o' bitch that wanna see me broke  
Broker than a joke, bitch stole my role  
And every time I see the bitch she needs cash  
She make me wanna slap her ass  
Triflin bitch always got me in a fit  
The low-life-Compton-shoppin-swap-me trick  
I wanna kill the ho  
then slam her in the trunc of my six fo'  
Coz yo, that ho made my dick grow  
and now her lawyer's at every show  
waitin for me to kick in my dough  
But before I go I'm on death row  
coz the bitch had too much drama...  
FUCK MY BABY'Z MAMA !

[CHORUS:]  
FUCK MY BABY'Z MAMA ! (7x)  
[Trick bitch !]  
FUCK MY BABY'Z MAMA !

Fuck my baby'z mama  
The bitch got drama  
And I'm not the one  
I should just knock her punk ass out  
while I'm in court payin child support  
But then I gotta deal with the father and the steel  
and he's the type o' nigga that a nigga's gotta kill  
Make me kick up a grip, I don't like her  
coz the bitch is buyin skirts instead of dipers  
Beggin so much to hold hands it's startin to look like

cuffs  
I wish I never fucked  
But now it's too late  
How much you made ?  
Coz accordin to your income  
you might have to spend some  
time behind bars  
Now ya find it hard  
Never thought a bitch would pull a stunt like this  
I can't do another day with Pamela  
so I'm a pay ya, Anna  
but I just like to say...

[CHORUS]

I think of all the money that I spent on a lawyer  
I used to be an employer  
but now I'm just an employee filin bankruptcy  
But now the punk bitch can't touch me  
Huh! I only call her to check up on my daughter  
So now she's got a restraining order  
Put me to the curb and had the nerve to axks a bower  
or dime  
Bitch, you must be outcha rabid ass mind  
Huh! Love for start will take much, you see, the bitch  
broke me  
so now I need a crutch  
But you gotta understand a judge don't give a fuck  
about a young nigga that's down on his luck  
So I gotta put the P down and be down for the calls  
and give the bitch back her drawers  
So if ya drivin by and ya see her  
do me favor, give the bitch the finger  
FUCK HER !

[CHORUS]

You biiiiiititch !!!

[insert:]  
Haha, that's fucked up!  
Go to hell !  
We dedicate this number to you, haha  
This one's for youuuu !  
This evening's news report: See ya 'round, buddy boy...  
[Pow]
