(Verse 1)

Well I'm the mighty Bonecrusher and I live way out west
I'm a gambling' man by nature but bonecrushin's what I
do best,
Yea well I'm the mighty Bonecrusher and I'll crush your
bones for a buck
I got a Ph.D. in knife fighting and saying fuck,

(Pre-Chorus)

That's what I'm sayin', with the Bonecrusher all day
That's what I'm sayin'

(Verse 2)

I'm the mighty Bonecrusher, yes I got some class
Took my funky RV to the White House and I parked it up
on the grass,
I slipped inside the Oval Office, man I slipped in oh so
fast
Got the President by his necktie and I wiped my funky
ass,

(Pre-Chorus)

That's what I'm sayin', with the Bonecrusher all day
That's what I'm sayin'

(Chorus)

Say Bonecrusher, please don't crush my bones
Askin' nicely won't help you don't you know?
Say Bonecrusher, please don't crush my bones
You know I lost my hearing so long ago...

(Verse 3)

Big bad Bonecrusher, stand eleven foot tall
Line you perverts up like cans and watch me crush you
all,

Well I say whatever I want to, don't pay attention to
grammar
Got a big long middle finger, shaped just like a ball
peen hammer,

(Pre-Chorus)

That's what I'm sayin', with the Bonecrusher all day
That's what I'm sayin'

(Verse 4)

Well I'm the mighty Bonecrusher, I just got back from
Hell
Where I crushed the Devil and I fucked his wife & the
little demons as well,
I got a big, bad bonecrushin' snake that crawls up and
down my back
I got a bad couple'a bulldogs that I keep high on crack,

(Pre-Chorus)

That's what I'm sayin', with the Bonecrusher all day
That's what I'm sayin'

(Chorus)

Say Bonecrusher, please don't crush my bones
Askin' nicely won't help you don't you know?
Say Bonecrusher, please don't crush my bones
You know I lost my hearing so long ago...

(Bridge 1)

Now that I've grown, gonna crush everything I see,
even the little, small flowers

(break)

(Verse 5)

Well I'm the mighty Bonecrusher, now don't you get
saucy with me
I got no concept of tenderness, I know that's hard for
you to believe,
Well I'm the mighty Bonecrusher, and I swear I was
born to be
Well I'm gonna keep on crushin'til somebody crushes
me,

(Bridge 2)

I crushed my wife because I didn't want to hit her
And I keep on smoking cause I don't want to be no
quitter,

(Verse 6)

Well I'm the mighty Bonecrusher, I crushed NYC
Wasn't nearly half as bad as they make it look like on
TV,
I jumped down from the Empire State, landed on my
head
Got up and did a little funky dance, just to prove that I
wasn't dead yet,

(Pre-Chorus)

That's what I'm sayin', with the Bonecrusher all day
That's what I'm sayin'

(Chorus)

Say Bonecrusher, please don't crush my bones
Askin' nicely won't help you don't you know?
Say Bonecrusher, please don't crush my bones
You know I lost my hearing so long ago...

(Outro)

So long ago, So long ago, So long ago...
