I've journey for so long to fulfill my quest  
Surrounded by danger I'm put to the test  
Through darkness and fire been tempted by sin  
Just sit back and listen as my tale begins

The winter cold cut through me as I traveled through  
the night  
A lost soul in the darkness to find the holy light  
When suddenly from nowhere a sight befell my eyes  
What was it that I saw there I did not realize

A demon from the pit of hell I must fight to survive  
The Quest goes on

That was just the beginning more challenges ahead  
The next one that I faced was a goddess in her bed  
Her beauty was astounding seduction in her eyes  
But underneath that beauty her evil secret lies

Had I not beat the succubus I surely would have died  
The Quest goes on

[lead: Durfy]

Oh, oh, oh, oh, oh

[solo1: Maglio / solo2: Durfy]

[solo: Durfy]

I felt like I would never locate that which I sought  
My trek felt like forever though valiantly I fought  
When finally the day came where right before these  
eyes  
I found what I've been seeking my ever treasured prize

Little did I know back then that it was just a lie  
The Quest goes on

[solo: Maglio]

And so ends my story my quest has yet to end  
Continue on my journey the road my only friend

So now I take my leave and I will be on my way  
In hopes that I will complete my quest some other day
