I never knew how complete love could be
Til she kissed me and said
Baby please, go all the way
It feels so right being with you here tonight
Please baby, go all the way
Just hold me close, don't ever let me go

I couldn't say what I wanted to say
Til she whispered, I love you so
Please baby, go all the way
It feels so right being with you here tonight
Please baby, go all the way
Just hold me close, don't ever let me go

Before her alone, I was cruel and mean
I had a hole in the place where my heart should have
been
But now I'm changed, and I feel so strange
I come alive when she says all those things to me

And she says (come on)
Come on (come on) (come on)
Come on (come on)
I need you (come on)
I love you (come on)
I need you (come on) (come on)

Please baby, go all the way
It feels so right being with you here tonight
Please baby, go all the way
Just hold me close, don't ever let me go, oh no
