Well I'm searching through the fields of time
I'm heading up on that steady climb
Pull me out of this waiting line
Clear my eyes from being blind

Just beyond the horizon
Beyond, just beyond the horizon
Beyond, I'm just beyond the horizon
Beyond, just beyond the horizon, yea

Just take my hand, I'll see you there
To a place that isn't really anywhere
Open the door and let the sky in
Join me beyond the horizon

I'm just beyond the horizon
Beyond, I'm just beyond the horizon
Beyond, I'm just beyond the horizon
Beyond,

Well if we all believe the sunset is as far as you can see
it You fly into the goldmine, and believe in what we see
I'll take you where you'll wonder
Far from where you've been
I'll leave you where you'll wander
And I'll visit you now and again
Well I'll visit you now and again

Beyond, just beyond the horizon
Beyond, just beyond the horizon
Beyond, the horizon
Beyond, just beyond the horizon

Just believe, just believe, just believe, just believe, just
believe.

Believe in what
You see with me
Well believe in what
In what you see

With me
Believe
In what
You see
With me
