Words and Music by Diane Warren

Call out to me

When times get rough and you can't get enough of
what you need

Call out to me

When things go wrong and you need someone to show
some sympathy

Call out to me

Just reach out your hand to mine and I'll be there as
soon as I can

Call out to me

When you don't know which way to turn, oh, you know
where I am

Remember, if you need love

I'll be right there, I'll be right there

Just call out, Just call out

Chorus:

Call out to me

When you can't find a friend to depend on

Oh just call out to me

Call out to me

When your hand needs a hand to hold on to

Just call out

Call out to me

Call out to me

When nights are cold and loneliness has got the best
of you

Call out to me

When you're feeling down, I'll be around, I'll be right
next to you

Remember, if you need love

I'll be right there, I'll be right there

Just call out, Just call out

Repeat chorus
