Well you came in my life like a ray of light

shining through the clouds in my heart

I just looked at you and the world was new

it was right, right from the start

(BRIDGE)

whoah oh oh oh you came to me

whoah oh oh oh with a love so sweet

and I'll never never never

be the same

(CHORUS)

Everything changes

nothing looks the same through the eyes of love

everything changes (everything changes)

when you love some, love some, love someone

everything changes

standing in the light of a bright new sun

everything changes (everything changes)

when you love some, love some, love someone

everything changes

I'm lookin' around me

and I'm lovin' what I see

'cause I found somebody, somebody who loves me

(repeat bridge & chorus
