Masks and a fake skin
The builders keep breaking
The buzzing, attracted to the innocent

The wolves lead the sheep
With a stare to crush their hopes and water
To drown the flies

Their hands fall apart when we need to hold them
And the skeleton speaks of what we've told them
The buzzing

Masks and a fake skin
The builders keep breaking
The buzzing, attracted to the innocent

The wolves lead the sheep
With a stare to crush their hopes and water
To drown the flies

Their hands fall apart when we need to hold them
And the skeleton speaks of what we've told them
The buzzing
