My heart is deceived by
My eyes my actions in the name of beauty
I'm sickened and strangled
By myself that I would allow an unyielded desire to
lead me astray
Put to shame by my lack of trust I confess my faults
with tears

Manifestations of Your grace fill me
Revelations of forgiveness wounds healed by wounds
The Father's mercy
Peace beyond understanding love from You
That I don't deserve
Don't deserve (4x)
I shut my eyes I still my feelings
Feelings, feelings
Listening with closed eyes I rest in Your guidance
I rest in Your guidance
Trusting You
Sensing You I listen and hear
Abide in me (4x)
