My strength, my strength fades

My strength fades away  
Slowly with the setting sun  
The night brought  
Its darkness and its storms

And the floods that came  
Reflected a dull moon  
Violent winds raged  
Beneath the stars that didn't shine

Emptied  
Of myself  
I fell  
To the ground

Slowly through the destruction

Came a single quiet  
Voice  
And the breath of His words  
Consumed

The night and brought strength I have never  
Felt on my own

And He held me up  
Until I could walk again  
And promised  
To stay by my side forever
