"Physician Heal Thyself"

Visit "[Physician Heal Thyself](#)" on MotoLyrics.com

Physician heal thyself
Can you cut yourself precise and deep
As to reach in and remove what's dying inside of you

A colossus of irony (4x)

Physician heal thyself
With great intelligence and experience
Can you prescribe a way not to die alone, die alone

A colossus of irony (4x)

We are not what we are
The structure deconstructing
Arrogance and blasphemy
There are no controls
Like the unfortunate patient
The physician dies sick and
Alone
