"Skin Like Winter"

To ashes, dust to dust
Ashes to ashes, to ashes, to ashes, dust to dust
Ashes to ashes, to ashes, to ashes, dust to dust

Beautiful child turning into stone
With your eyes so [Incomprehensible] I shudder
Bitterness runs through your soul like small children
Confusion dances in the dusk of your mind

Exchange your blessings
Exchange your blessings
Exchange your blessings
Exchange your blessings

Exchange your blessings
Exchange your blessings
Exchange your blessings
Exchange your blessings

For deceptions, good night kiss, go
Skin like winter cherished one wasting away
But I can see your breath
Begging to resurrect into death

Hiding scars back laced with splinters
Audience of a congregation
Make your way to the front
Close your eyes and grieve

Played your part so well
