Put your coal to my trembling lips  
Voice fills void with your breath  
Crescent tears from the relief you bring  
Undone in you, I love you

Broken teeth of my frustration  
Your glory, it surrounds me  
Sing praises to God, sing the praises

Blanket my mind with your wisdom and insight  
Hand molds the mud of my heart  
Joy of your strength overwhelms my praise  
Quickened in you, I praise you

Vibrant peace envelopes my lack  
Your glory, it surrounds me  
Sing praises to God, sing praises

Put your coal to my trembling lips  
Voice fills void with your breath  
Crescent tears from the relief you bring  
Undone in you, I love you

Broken teeth of my frustration  
Your glory, it surrounds me  
Your glory, it surrounds me

Put your coal to my trembling lips  
Voice fills void with your breath  
Crescent tears from the relief you bring  
Undone in you, but I love you
