There were none at his left hand, no man amongst his
army

The earth has ripped herself open
And birthed from her wounds
Thick black clouds which covered the earth

It tears, see blood in the air, I taste the blood in the air
Dissected from the heaven
Cut and stripped of her skin, we let it begin
Descending from heaven

It tears, see blood in the air, I taste the blood in the air
Dissected from the heaven
Cut and stripped of her skin, we let it begin
Descending from heaven

An all-consuming cancer
An all-consuming cancer
An all-consuming cancer

An all-consuming cancer reaching to repent
We will taste it in it's purest form reaching out for
nothing
Choking on our words while we hold our children

It tears, see blood in the air, I taste the blood in the air
Dissected from the heaven
Cut and stripped of her skin, we let it begin
Descending from heaven

It tears, see blood in the air, I taste the blood in the air
Dissected from the heaven
Cut and stripped of her skin, we let it begin
Descending from heaven

No cradle, no son, a mother of none
No cradle, no son, a mother of none
No cradle, no son, a mother of none
No cradle, no son, a mother of none

It tears, see blood in the air, I taste the blood in the air
Dissected from the heaven

Cut and stripped of her skin, we let it begin
Descending from heaven

It tears, see blood in the air, I taste the blood in the air
Dissected from the heaven
Cut and stripped of her skin, we let it begin
Descending from heaven
