They say death's an open door
Into another room
Within the city of the dead
(Our new kingdom)

They say we walk like dreams
Sharing the same breath
Seeing through the same eyes
(A collective spirit)

As we pray
(As we pray)
On his grave
(On his grave)
Our words fall and decay

As we pray
(As we pray)
On his grave
(On his grave)
Our words fall and decay

They say the Earth gives no peace
Nor does it take away
We all survive the grave
(Unfortunate eternal)

They say that in the times gone past
A king walked in the sky
Until dethroned by man
(Tribe of Judas)

As we pray
(As we pray)
On his grave
(On his grave)
Our words fall and decay

As we pray
(As we pray)
On his grave
(On his grave)

Our words fall and decay

Truly, truly, this is the end
Truly, truly, this is the end
Truly, truly, this is the end
Truly, truly, this is the end

It's not the same
I'm plagued with pain and I can't let go
It's not the same
I'm plagued with pain and I can't let go

It's not the same
I'm plagued with pain and I can't let go
It's not the same
I'm plagued with pain and I can't let go

This is the end
