Sweet sweet melody
Stop make me crying
Sweet sweet melody sweet

I was on my way
Driving along for a long trip
Hoping that I will find you
But once again all grey was the sky

Sweet sweet melody
Stop make me crying
Sweet sweet melody sweet

It was a rainy day and all a rainy night
Rain rain rain all my way
All along, blues comes to me
I'm starting crying (crying crying)

Sweet sweet melody
Stop make me crying
Sweet sweet melody sweet

I hope that I will find you again
I hope that you're waiting for me
Coz me I'm waiting for you with all my heart

Sweet,sweet,sweet sweet(x2)

Sweet sweet melody
Stop make me crying
Sweet sweet melody sweet
