I'm sitting on a table  
Unable to find a possibility  
I'm sitting on a table  
Me and my own  
All my love transformed into tears  
All my love transformed into sadness

I've been waiting every day  
Waiting for my baby  
I'm waiting every night to hold this baby tight

I'm sipping on my bottle  
Again and again, alone  
Sadness you own me  
Sadness you own me

I've been waiting every day  
Waiting for my baby  
I'm waiting every night to hold this baby tight
