Yo whassup, this is Donell, giving shouts for the
True Steppers and Brian Harvey

If you wanna party, wanna party, wanna party, wanna
party, wanna party
True Steppers
If you wanna party, wanna party, wanna party, wanna
party, wanna party

It's Friday night and we've all been paid (all been paid)
Six men deep in an Audi CoupÃ© (Audi CoupÃ©)
As the bassline hits the ride (hits the ride)
We begin to feel the vibe (feel the vibe)
Hit the streets about quarter to eight (quarter to eight)
Hear the beats True Steppers just played (just played)
And we've got the beat flowing right (flowing right)
We can't wait for Saturday night (Saturday night)

True steppin', true step tonight (true steppin')
When the tunes are dropping
Girls are shockin'
True steppin', true step tonight (tonight)
We can't wait for Saturday night

If you wanna party, wanna party, wanna party, wanna
party
Wanna party, wanna party
If you wanna party, wanna party, wanna party, wanna
party
Wanna party, wanna party

Trip when the vibÃ© is nice
Standing at the speakers at Twice As Nice
Girls to the left of me
Should I make a move or shall I get a brandy
We'll have to wait and see (and see)
Right now the bass is hurting me
Just as I make my move
Steppers drop a beat that makes the gal move

Hit the streets about quarter to eight (quarter to eight)

Hear the beats True Steppers just played (just played)
And we've got the beat flowing right (flowing right)
We can't wait for Saturday night (Saturday night)

True steppin', true step tonight (true steppin')
When the tunes are dropping
Girls are shockin'
True steppin', true step tonight (tonight)
We can't wait for Saturday night

(Saturday night)
(True step tonight) If you wanna party, wanna party,
wanna party, wanna party
Wanna party, wanna party
(True Steppers wanna party)
If you wanna party, wanna party, wanna party, wanna
party
Wanna party, wanna party
If-if-if-if you wanna party, wanna party, wanna party,
wanna party
Wanna party

Yo, wassup, B, yo this is Donell, yo where the party at

It's Friday night and we've all been paid (all been paid)
Six men deep in an Audi CoupÃ© (Audi CoupÃ©)
