(Dance, Mercy)

I can make you dance if you want me to

I can make you dance-dance-dance-dance-dance-dance...
dance...

All around the world in a real bad way (???)

I can make you dance if you want me to

But I can make you better let me show you what takes,
baby

I can make you dance if you want me to

Now I've got a bet to show I bet you're gonna move
(???)

I can make you dance if you want me to

It's controlled by Roger and it's right here in this tube
(???)

I can make you dance if you want me to

Now I can set you free from your troubled troubled
mind, baby

I can make you dance if you want me to

Just lend me your ears and let your feet keep time,
baby

I can make you dance if you want me to

And here's what you'll find about this music of mine,
baby

I can make you dance if you want me to

Oh yaaaa

Gonna make you dance (x3)

Make you dance (x2)

Gonna make you dance

Ouuuu Make you dance

I can make you dance (x4)

Ouuuu Baby

I can make you dance (x5)

Cha Cha Cha, Cha Cha Cha

Make you dance (x5)

I can make you dance if you want me to

I think you raised the price of the cool and the rich (???)

I can make you dance if you want me to

Slip butter over you or mother don't know, see (???)

I can make you dance if you want me to

You can dance in the morning when you eat your
cornflakes

I can make you dance if you want me to

Don't start, baby rhythm, and that's really all it takes
(???)
I can make you dance if you want me to
I can make you dance
You know I can make you dance
I can make you dance
Forget about some other time (???)
I can make you dance
I can make you dance
I can make you dance
Baby, baby
I can make you dance
Yes I do
I can make you dance
Make you dance, make you dance, make you dance
I can make you dance
Gonna make you dance, dance, dance, dance
I can make you dance
Make you dance (x3)
