Hey you listen up, open up my eyes, is there a thing I
need to discover?
Walking hand in hand with another guy, don't treat me
like a fool, do you have another lover?
Thought I told you oh so many times, my love is real,
but what kinda love is that?
Seems to me you foolin' me around, so tell me now,
are we getting off track?

Bridge;
Fine with me if this is real.
Fine with me if that's your deal.
Fine with me if you wanna walk out.
But you never never know how I really feel

Chorus:
Don't cross your fingers now
If you want me back it's too late!
I'm not a boy no more,
if you treat me bad;
I'm not afraid.
Love will find me one way or another
Love will find me anyhow
Don't cross your fingers now
It's time to say goodbye!

Anyway breakin' up is the thing to do, I don't wanna
have a girl like that, livin' in a fast flame.
Cruisin' time tot time with a different prey, don't lie to
me no more.....are you the one to blame??

Thought I feld it every time again, my dream is real,
but what kinda dream is that?
Looks to me its over and out, so tell me now, would you
like to clear my back?!

Bridge

mmmmmm mmmmm mmm

Don't cross your fingers now

If you want me back it's too late!
I'm not a boy no more,
if you treat me bad;
I'm not afraid.
Love will find me one way or another
Love will find me anyhow
Don't cross your fingers now
It's time to say goodbye!

All my sweet sweet lovin', I want it back, I want it back
All the magic in the air, I want it back, I want it back.
All the times I spend with you, I need it back, I need it
back.
All the love I ever used to dream of, I take it back.
I take it back, i take it back, take it back, I take it back,
yeaah.

So, Don't cross your fingers now
If you want me back it's too late!
I'm not a boy no more,
if you treat me bad;
I'm not afraid.
Love will find me one way or another
Love will find me anyhow
Don't cross your fingers now
It's time to say goodbye!
