Guys wanna have some fun
and you're the main attraction
So while the night is young
let's have some real action

I want to know your name
There's something I should mention
If yo could feel the same
you'll get all my attention

Hey, hey baby, hear what I say
let me take you now
We'll go all the way
I can show you how
All that it takes is a little time
and rhythm inside
moving up.....and down

CHORUS

Because I want you
What can I do?
NEED YOUR LOVE SO BAD!
you know that it's true
need your love so bad
give me a chance
need your love so bad
let's make it tonight
TSQ!
I want you
TSQ!
Need your love so bad
TSQ!
I want you
TSQ!
Need your love so bad

Guys wanna have some fun
and play with your emotions
Don't take your love and run
before the night is over

I think you understand
the messages I'm sending
It's time for making plans
you know what I'm intending

Hey hey baby, hear what I say
I'm serious now
Don't make me wait
I can show you how
All that it takes is a little time
And rhythm inside
Moving upand down

CHORUS
