" In this room  
lives the sweet ghost  
of a love gone away  
it comes to me  
whispering the things you used to say  
between hills and valleys  
the softness where we lay  
in this room  
it's lonely now  
in this room  
I can barely breathe  
this air that speaks your name  
it flows through me  
from each corner  
from the window frame  
where we used to watch together  
for the sun to rise agin  
in this room  
I miss you  
in this room  
there's a place on the wall  
a picture of you and me  
In this room  
I can recall  
the dreams you shared with me  
and it felt like a castle  
now it feels more like a tomb  
in this room  
I remember  
they say true love never dies  
but sometimes lovers do  
and few ever realize  
the kind of love we knew  
in this room  
there were flowers  
sent to ease the pain  
and I pray for hours  
trying to understand  
in this room."
